### MINUTE ORDER

Pursuant to Local Rule 7.2(d), the Court will decide DEFENDANT'S MOTION FOR EARLY TERMINATION OF SUPERVISED RELEASE (Doc. 47) without hearing.

The Defendant has a sixty month term of supervised release and has served 12 months. The Court notes that he has not had any violations of his supervised release. It is too early to consider termination of supervised release. It would be appropriate for a renewed motion at 30 months if Defendant has not had any violations of the terms of supervised release.
